## LET'S HEAR IT FOR **THE WOMEN WHO ARE REWIRING THE TECH INDUSTRY.**

### WOMEN SHAPING THE FUTURE OF TECH

Women today make up 30% of the workforce in India's tech sector. However, these numbers drop dramatically at the middle and senior levels. On the other hand, global studies link an increase in female representation at the senior management level to increased business performance. How can tech companies today help women climb up the ranks, so that they may lead the tech world of tomorrow? Be a part of important discussions on topics such as these at India's pre-eminent women's forum.
